

Acceptance Testing UAT Execution & Report Submission

Date	29 June 2026
Maximum Marks	4 Marks

1. Purpose of Document

The purpose of this document is to summarize the User Acceptance Testing (UAT) performed for the Network Request Approval Automation using ServiceNow Workflow Studio project. It describes the testing coverage, identified defects, their resolution status, and the overall test results before deployment. The UAT ensures that the application meets the functional and business requirements, including request submission, manager approval workflow, email notifications, and request status tracking.

2. Defect Analysis

This report shows the number of resolved or closed bugs at each severity level, and how they were resolved
